Teacher's License in Secondary Education

Projects

- **Living in Motion** - Web application designed to allow the user to design their own custom workouts and save them locally to a weekly calendar.

  https://jessgreene9.github.io/living-in-motion/
- **Trail Hound** – This application allows the user to search and add trails that they have visited in North Carolina. They are presented with a dropdown search bar of 7 cities in NC from which they can choose. They are then brought to a page that displays the trails from that city that are seeded in our database

  https://western-nc-trail-app.herokuapp.com/
- **Jeep Tour** – This application is designed to assist a small business owner to better manage their business. Customers can sign up/in, view tour packages, make reservations and payments.
